I am a B.Sc. Computer Science final-year student specializing in Web Development. With 3 years of experience, I offer services in building dynamic Web Applications using the MERN Stack and Next.js. I create modern, responsive sites with Tailwind CSS and TypeScript and manage databases with MySQL. My services also include Web SEO, content creation, social media management, and editing. I am committed to delivering high-quality web solutions tailored to your needs.

✋ Experience as (Fresher)

● **Freelancer on Fiverr**

Fiverr- Freelancing Platform   Sep 2023 - Present

- Offering services in web design, development, customization, integration, redesign, adding new sections, and Website SEO.
